364. Rabbi Elazar and the friends rose, and did not allow anyone to stay in the house. They immediately saw the pillar of fire was gone. Rabbi Yosi opened his eyes and the child was still glued with his lips to his lips. Rabbi Elazar said, Blessed is our lot that we witnessed the resurrection of the dead eye to eye. They approached him and the child fell asleep, as if he was expiring from this world. They said, Blessed is your lot, Rabbi Yosi, and blessed is the Merciful One, who performed a miracle for your sake due to the crying and weeping of your son, and his words. Life was added to you for his words, that he was pressing with beautiful speeches to the gates of heaven in his pleading and tears.
